Sir:

In response to the Office Letter mailed 03/04/2005, please amend the application as follows:

Claims

Claim 3 (cancelled).

Claim 4 (new): An improved vehicle suspension system in which a conventional suspension system comprises an upper and a lower suspension arm, an upper and lower ball joint, each comprising a spindle having included tapered openings whereby the improvement comprises the steps of:

Detaching the spindle from the upper and lower ball joint;

Detaching the upper and lower ball joints from the upper and lower suspension arms;
